Understanding Vauxhall/Opel engine numbers

Understanding Vauxhall/Opel engine numbers This bulletin is to clarify the information required to correctly identify the parts fitted to many of the Vauxhall/Opel range An increasing number of calls to the Technical Hotline is demonstrating some confusion on these vehicles Some Vauxhall/Opel engines are manufactured in more than one plant

Engine Timing Tool Kit - Laser Tools

In most cases the tools are specific to this type of engine and are necessary for Cam belt or chain maintenance If the engine has been identified as an interference engine valve to piston damage will occur if the engine is run with a broken Cam belt A compression check of all cylinders should be performed before removing the cylinder head

inherited this car from another workshop in late 2008 and ...

drove me insane It had a Z18XE engine and 98,170 kilometres on the clock First some background The car had been in a minor accident The radiator had been damaged and the car was driven until the engine was damaged and needed reconditioning This was done and installed by another workshop The engine reconditioner contacted me
